

Usher Badges have been given to the Church by Ervin Chubb - We appreciate this generous gift. Thanks Ervin.

Addition to the Chancel Platform was approved by the Administrative Board at its May meeting. It is the workmanship of Don Seigle - thanks Don. This will certainly make the chancel more adaptable for our worship and program experiences as we gather as a church family.

Additions to the sound system are in place today. A microphone mixer, new microphones, and additional cable and "outlets" will allow us to enjoy worship musicals, the Happening, Children's Day, as well as programs in our social hall downstairs. Kent Maxwell did the work for us.

The General Business committee announces that the position of custodian will be open at the end of August. Those wishing to apply for this job should contact Don Thomas or Carlton Sellick regarding details of the position.

Uriah Carey and David Howarth are so nice to me every time that they see me that it practically takes my breath away. Dave Howarth always seeks me out and shakes my hand and so does Uriah Carey. I have "claimed" as my seat in Church the seat on the far right in the second pew -- next to the windows on Church Street. We Camp sit about five pews back. At the conclusion of the service this morning, I turned around and Uriah Carey saluted me and then we shook hands. Very amusing and very gratifying. Either Lavinia Spencer or Mrs Carey then asked me if I would be a "greeter" for one of the Union services in July at the B.B.C. "You know so many people in town, you'll be perfect for it," said she. I have been assigned to the Lincoln Avenue door for Sunday, July 10.

Plus Thursday at 7:30 PM at the B.B.C., the Committee to Burn the Mortgage will meet at the church and I have been asked to attend.
